

CHUGACH ELECTRIC ASSOCIATION, INC.  
Anchorage, Alaska

January 20, 2009

TO: Rebecca Logan, Chair

FROM: Brad Evans, Chief Executive Officer 

SUBJECT: *Projected Annual Report Savings*

Rebecca, as discussed in the January 14, 2009 meeting with staff, below is the projected savings from electronic distribution of the annual report.

Using the Chugach web site as the primary means to distribute the annual report could yield significant savings. We would still print a limited number of hard copies and mail one to any member who requests one, as well as have them available at the annual meeting. We would provide notice of this to the membership in the March and April Outlets, as well as the election brochure.

The annual report would go on the web and to the printer early in April after KPMG issues its audit opinion at the completion of the 2008 audit. The audit report would be presented to the board on March 25, 2009 instead of March 4, 2009 as currently scheduled. Chugach is required to file its audited financial statements that are included in its Form 10-K with the SEC on or before March 31, 2009.

In addition, we plan to produce an insert to include with April bills to comply with the bylaws requirement to provide a "reasonably comprehensive and easily understood summary of the audit report" to the members prior to the annual meeting.
