Subject: 2008 Contributions (Board Policy #119)

In 2008, we used \$23,299.72 of the \$30,000 budgeted for contributions to “assist disabled or over 65 years of age indigent members who because of various hardship situations are unable to pay their past due electric bill.”

The need for assistance is increasing, during January we used \$6,271 (almost 18%) of the \$35,000 budgeted for 2009. This information is included each month in the Administration Division report.
