**SUBJECT:** Advertising for Unclaimed Capital Credits

We will not need to advertise for Unclaimed Capital Credits this year. With the 2008 change in Alaska Statutes, we are no longer required to print each individual member name in the newspaper for 4 consecutive weeks in June. We are now able to list individuals on our web site and advertising as such in the paper during June of the year when we complete paying out 1989.

We have satisfied the requirement for advertising 1989 unclaimed capital credits until the remainder is paid out. There is currently a list of people who had unclaimed capital credits for 1989 on the internet and their names were in the paper last year.
