Dan Knecht, Manager Administrative Services 

Subject: July audit for financial transaction approval signatures

Dan and I completed the July audit of randomly selected financial transactions. We received a list of 25 randomly selected transactions generated by IS from the financial system. Using that list we retrieved the backup documentation and reviewed the approval signatures or ensured the items generated from Purchase Orders had completed the 3-way match process. There were no exceptions for July.

- 18 were paid against Purchase Orders or Contracts and were approved via the 3-way matching process
- 7 were verified by comparing signatures with the Signature Authority Matrix
