

**Southcentral Power Project
Anchorage, Alaska**

NOTICE OF INTEREST – SUBCONTRACTING

Chugach Electric Association, Inc. (Chugach) as the managing partner for the Southcentral Power Project (SPP) is soliciting interest from potential subcontractors and suppliers for the Southcentral Power Project. This site will be used for those potential subcontractors to obtain contact information for the three (3) firms who have qualified to submit proposals as the Engineering, Procurement and Construction (EPC) Contractor for the SPP.

Submittal of registration is required to view the contact information for the EPC Contractor's contact information.

Chugach will use this registration for reference only. Each registrant must directly contact the EPC contractors listed herein in order to be qualified and listed on the project's Approved Suppliers List.

Approved subcontractors will determine and enter into direct contract arrangements with the successful EPC contractor awarded to perform the construction of the SPP.
