

**Southcentral Power Project
Anchorage, Alaska**

NOTICE OF INTEREST – SUBCONTRACTING

Chugach Electric Association, Inc. (Chugach) as the managing partner for the Southcentral Power Project (SPP) is soliciting interest from potential subcontractors and suppliers for the Southcentral Power Project. This site will be used for those potential subcontractors and suppliers to obtain contact information for the firm who is the Engineering, Procurement and Construction (EPC) Contractor for the SPP.

Submittal of registration is required to view the contact information for the EPC Contractor's contact information. Registration is accommodated through use of the EPC Contact Information link on this website.

Chugach will use this registration for reference only. Each registrant must directly contact the EPC contractor listed herein in order to be qualified and listed on the project's Approved Suppliers List.

Approved subcontractors and suppliers will enter into direct contract arrangements with the EPC contractor performing the construction of the SPP.
