

November 22, 2004

The Hon. Magalie R. Salas
Secretary
Federal Energy Regulatory Commission
888 First Avenue NE
Washington, DC 20426

**Re: Cooper Lake Hydroelectric Project (FERC No. 2170):
Notice of meeting to discuss substantive disputes**

Dear Cooper Lake Project Relicensing Participants:

Chugach Electric Association announces the second of two meetings to discuss substantive disputes related to relicensing of the Cooper Lake Project. This second meeting will focus on disputes related to Cooper Creek.

The meeting will be held on Tuesday, December 14, 2004, from 9:00 A.M. to 12:00 P.M., in the Training Room at Chugach's main office, located at 5601 Minnesota Drive in Anchorage. This meeting is being held to fulfill the Federal Energy Regulatory Commission (FERC) regulatory requirement that license applicants meet with relicensing participants following receipt of comments on the draft license application to try to resolve any remaining substantive disputes with regard to the license application. As a reminder, all comments on Cooper Creek related aspects of the Draft License Application are due to Chugach no later than Thursday December 9.

An agenda for the December 14 dispute resolution meeting is enclosed. If you are planning to attend the December 14 meeting, please RSVP by Friday December 10 to May Clark, Chugach Relicensing Secretary, by phone at 907-762-4547 or by email at May_Clark@chugachelectric.com.

Sincerely,

Burke Wick, PE
Plant O&M Supervisor
Cooper Lake Relicensing Project Manager

Cooper Lake Hydroelectric Project Relicensing (FERC No. 2170)
