

**Cooper Lake Project (FERC No. 2170)
Relicensing Workshop, July 14, 2004**

Summary of Corrections to Workshop Presentations

Note: The following list indicates the corrections that have been made to these presentations since they were given at the July 14 relicensing workshop. The corrected versions of these presentations have been posted on Chugach's relicensing website (www.chugachelectric.com/relicensing)

Engineering Alternatives for Cooper Creek

1. Added slide numbers.
2. Took out word "payback" on slide nos. 5, 10, 14, 23, 26, 30, 33, 37, 42 and 51.
3. Changed word "financing" for "interest" on slide nos. 6 and 46.
4. On slide no. 46 corrected "Annual Generation Loss" ("Low" cost) for Alts. 3a and 3b from \$80,000 to \$40,000. Corrected corresponding "Total Annual Cost" ("Low" cost) for Alts. 3a and 3b on slide nos. 46 and 47 and on slide no. 23.

Winter Recreation Resources, Winter Survey

1. Miscellaneous spelling corrections
2. On slide 9 of presentation, bar graph titled "Suggestions for Facilities – Percentage, Snug Harbor Road": added an additional line for "bathroom/restroom/outhouse" to top bar graph.
