DISTRACTED DRIVING
60% Percentage of people who use cellphones while driving (Harris Poll, 2011)

Driving while using a cell phone REDUCES BRAIN ACTIVITY by 37%

4X RISK How much using a cellphone increases your risk of crashing (National Safety Council, 2014)

1 in 4 The probability that a vehicle crash involved a cellphone
7 TIPS TO PREVENT

- Turn off your phone or put it on silent
- Set up a message to tell people you’re driving
- Pull over to a safe area to make a call or text
- Ask passengers to make calls or give directions
- Don’t let your pets roam freely in your car
- Be prepared before driving – review maps & directions
- Refrain from smoking, eating, drinking, reading, etc.

MOTION

(Consent Agenda)
CHUGACH ELECTRIC ASSOCIATION, INC.
Anchorage, Alaska

March 20, 2019

TO: Chugach Board of Directors

FROM: Lee D. Thibert, Chief Executive Officer

SUBJECT: Railbelt Electric Utility Bill Comparison: First Quarter 2019

Chugach continues to have the lowest effective rates of any Railbelt utility on a customer bill basis in each of the three main service categories of service (residential, small general service and large general service). On a total bill basis, which includes fuel and purchased power costs, the total bill for a Chugach residential customer using 600 kWh is $123, which compares with $134 for ML&P, $129 for MEA, $157 for GVEA, and $158 for HEA (bill totals rounded to nearest dollar).

Below is a summary of the rate changes that have occurred for the residential class over the last quarter. In general, these changes are similarly applicable to changes in the commercial classes as well.

- The average Chugach residential bill, which includes fuel and purchased power costs, increased 0.3 percent in first quarter 2019. The increase is due to a 0.6 percent increase to the base energy rate and a 0.3 percent decrease to the fuel and purchased power rate.

- ML&P residential bill levels increased by 2.6 percent due to a 13.3 percent increase to the COPA rate. Base rates are unchanged since June 2018.

- MEA residential bill levels decreased 1.6 percent after increasing the prior quarter by the same percentage. The first quarter change is due to a 1.9 percent increase in the energy rate and a 7.4 percent decrease to the COPA rate.

- HEA residential bill levels decreased 0.6 percent due to a 1.9 percent decrease to their COPA rate. There were no changes to HEA’s base rates.

- GVEA’s residential bill levels increased 9.4 percent, due to the combined impacts of a 6.6 percent increase of the base energy rate, and a 17 percent increase to the COPA rate.
Table 1, below, compares current retail bill totals of each utility to the prior quarter and to Chugach. The table includes residential, small general service, and large general service customer classes.

*Based on 28,000 kWh and 71 kW. The total does not reflect the effects of demand ratchets in ML&P and GVEA tariffs.

1 Bill totals are based on tariffed rates. Local taxes, including the Municipality of Anchorage two percent underground surcharge, are not applicable to all utilities in this comparison and are therefore excluded from the calculations. The Regulatory Cost Charge is included as this charge is applied equally to all utilities. For all cooperatives, the Gross Revenue Tax is included. The residential and small general service bill totals are based on monthly energy purchases of 600 kWh and 1,250 kWh, respectively. The large general service bill totals are based on 28,000 kWh and 71kW. Large General Service bill totals do not reflect impacts associated with tariffed demand ratchet for ML&P and GVEA. Bill comparisons include all approved and pending fuel and purchased power rates for first quarter 2019.

Figures 1 through 4
The graphs on the following pages provide additional comparisons of Railbelt utility rates. Figure 1 (page 3) compares bill totals between first quarter 2019 and the prior quarter. Figure 2 (page 4) expands the comparison by identifying separately the base rate component and the fuel / purchased power components of each utility this quarter. Figure 3 (page 5) summarizes Chugach quarterly residential bill levels for the past seven years, identifying the base rate and fuel / purchased power components of each bill. Figure 4 (page 5) illustrates residential bill totals for the last five consecutive quarters for all Railbelt electric utilities.
Bill totals are based on tariffed rates and include state taxes that are applied to all utilities and exclude local taxes and surcharges that vary by community, such as the Municipality of Anchorage two percent undergounding charge. Large General Service totals do not reflect tariffed impacts of ratchet on demand charges for ML&P and GVEA.

Proposed Bylaw Amendment – Article IV - Directors, Section 9 - Compensation

**DISCUSSION**

At its February 27, 2019 meeting, the Board of Directors approved a motion to place the attached Bylaw proposal and comment on the ballot for the 2019 Annual Membership Meeting for a vote by the membership and that the proposed amendment and comment be forwarded to the Bylaws Committee for its consideration.

The Bylaws Committee met on March 20, 2019 and voted to join in the proposed comment with one suggested edit. The Bylaws Committee recommended the phrase “take advantage of” be stricken and replaced with “attend relevant” as indicated in the attached redlined document.

If the Board agrees, this proposed amendment and comment, as revised, will be placed on the ballot for the 2019 Annual Membership Meeting.

**MOTION**

Move that the Board of Directors place the attached Bylaw proposal and comment, as revised, on the ballot for the 2019 Annual Membership Meeting for a vote by the membership.
ARTICLE IV
DIRECTORS

SECTION 9. Compensation. (a) Directors shall not receive any salary for their services as directors and, except in emergencies, may not receive salaries for their services in any other capacity without the approval of Association members. The Association may not provide health insurance for directors or insurance for risks except those incurred in their capacity as directors. That, by resolution of the board of directors, directors may be allowed a fixed fee and expenses of attendance, if any, may be allowed for each day of attendance at each meeting of the board of directors, or a meeting of a committee thereof, or when a director is otherwise representing the Association in an official capacity and for each day of necessary travel in connection with any such meeting. No attendance other than regular or special board or committee meetings shall be reimbursed unless authorized by a majority vote of the board. A director may not be compensated for more than two regular board meetings per month, and an additional 12 special board meetings per year. The total compensated meetings shall not exceed 70 meetings per year for a director, and 85 meetings per year for the chairman of the board. In addition, a director may be compensated for up to 20 days of attendance per year at conferences or educational seminars where the director is representing the Association in an official capacity. Directors’ expense reimbursement requests shall be reviewed and approved by the majority vote of the board. Any change to the amount of compensation that the board receives for meetings shall be published in the annual meeting election materials. The Association may not provide health insurance for directors or insurance for risks except those incurred in their capacity as directors.

(b) Directors’ expense reimbursement requests shall be reviewed and approved by the majority vote of the board. Directors may not receive salaries for their services as directors, and, except in emergencies, shall not receive salaries for their services in any other capacity without the approval of the members.

Comment in support:
An informed and well-trained director is invaluable to the Association and its members. Directors should be encouraged to take advantage of attend relevant conferences and educational seminar opportunities to improve their skills and knowledge in matters relevant to current issues they routinely consider as a member of the board.

This proposal includes edits for clarity, to more closely follow state cooperative statutes, and would allow a director to be compensated an additional 20 days within a calendar year for attending conferences and educational seminars when representing the Association in an official capacity. If all members of the board were to participate in the training, the average monthly residential customer bill would increase by approximately 2.7 cents.
