

Joint project would bolster much-needed Southcentral gas supply

Chugach is working with Harvest Alaska (Harvest) and Marathon Petroleum Company (Marathon) to bolster Southcentral Alaska's energy supply and bring liquefied natural gas to the region. On Feb. 6, it was announced that Harvest is in the process of acquiring and redeveloping the existing Kenai LNG Terminal, currently owned by Marathon.

The project would repurpose existing assets to enable timely delivery of natural gas supplies to Southcentral as early as 2026. Chugach is in discussions with Harvest to utilize the Kenai facility to bring in the gas which Chugach needs by April 1, 2028. Back in 2022, Hilcorp

Alaska announced it would not be extending existing gas contracts beyond current expiration dates. For Chugach, that date is March 31, 2028.

Chugach gets 40% of its gas from the Hilcorp contract and 60% from its two-thirds working interest ownership of the Beluga River Unit gas field. The utilities who serve Alaskans along the Railbelt have been working to find a project that can provide natural gas when needed for each entity. The project is the first proposal that meets Chugach's 2028 timeline. Under the scenario, the Harvest facility would be used for the imports and Chugach and other customers of the project would source their gas from the

world markets. Harvest is progressing the front-end engineering and design study, and more information will be known about costs and other factors when that is complete.

Current member information important for voting in annual election

As we prepare for Chugach's 2025 Annual Meeting and Election, it is important for members to have current contact information on file to streamline the voting process. Chugach's election utilizes electronic voting and, upon request, will provide paper ballots. If

you are receiving your billing statement in the mail or by email notification, your contact information is up to date and no action is required.

If you want to use a different email address for voting

in the Chugach election, log into your My Account portal from the website, click the profile icon, and select Update Election Email. Watch for a Chugach election email to arrive from Survey & Ballot Systems, our 2025 election administrator.

One board seat on the ballot

Voting in the annual election will begin on April 30, with members choosing one candidate to serve on the Chugach Board of Directors. Members can also expect any proposed bylaw amendments to be on the 2025 election ballot.

Annual Meeting and Member Appreciation Event

The Chugach Annual Meeting and Member Appreciation Event are scheduled for Friday, May 30, at ChangePoint Alaska. {1220876}

Member Appreciation | 1 to 4 p.m.

Annual Meeting | 4 to 5:30 p.m.

MyAccount simplifies energy management

My Account, Chugach's member portal, makes it easy to track and manage your electricity use. The user-friendly online portal and mobile app allow you to monitor your energy consumption, compare past usage, set-up usage alerts so that you're aware of unexpected spikes, and outage alerts. By staying informed about your usage trends, you can make smarter energy choices and manage costs effectively.

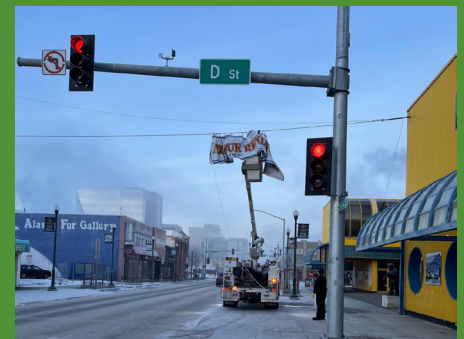

In addition to tracking energy use, the portal offers convenient account management features. Easily view and pay your bill, enroll in paperless billing, and set up autopay – all in one place.

To sign up for My Account and take advantage of the many features, go to www.myaccount.chugachelectric.com. {191269935}
